

AccuTech Pan Greaser

2022 WINNER FOR
PLANT EFFICIENCY

Synova's AccuTech Pan Greaser provides the most accurate spraying technology of release agents. Advanced spray sequence design and recipe-driven programming allows for precise control over the volume, rate, and pattern of release agent application and provides real-time spray verification. Specifically engineered to reduce grease usage, minimize waste, improve sanitation, and reduce maintenance time.

Features

- **Two-Step Fill & Spray Process:** Pushes the release agent out of the nozzles eliminating atomizing of grease and reducing overspray and overall usage
- **Integrated Mist Collector:** Small, easy to clean collector to minimize oil mist migration
- **Grease Temperature Control:** Tank has a ribbon agitator and an inductive heating blanket to maintain grease temperature and consistency
- **Ultrasonic Tank Level Control:** Tank fills automatically when certain level is reached
- **Toolless Changeover:** No tools, oil, or air line connections required to replace nozzle head
- **Constant Grease Circulation:** Closed loop system to prevent clogging of lines
- **Pivoting Head Design:** Cantilevered head extends over bakery line and pivoting head provides access for maintenance and sanitation without removing from the line
- **Positioning Levels:** Integrated into greaser head for accurate positioning of head and nozzles and saved by product
- **Stainless Steel Frame:** Includes removable stainless steel catch pan and hood for quick and easy access
- **Stainless Steel Casters:** Heavy duty swivel casters with leveling adjustment
- **Operator Interface Controls:** Amount and duration of spray, balance of spray across the pan, grease temperature, and pan height all saved by product
- **NEMA 4X Stainless Steel Electrical Enclosure**
- **UL, cUL Compliant Controls**
- **ANSI, USDA, and CE Compliant**

Optional Features

- **Pneumatic Barrel Pump**
- **Hopper for Mineral Oil to Flush System**
- **Conveyorized Model**

BUNDY BAKING SOLUTIONS:

-  Baking Pans
-  Pan Coatings
-  Release Agents & Applicators
-  Refurbishment Services

Synova Release Agents

Synova release agents provide more value and stability than any other release agent. Reduce oil use, hone your glazing schedule, and extend the release life of your pans with the help of our expert release agent formulas, precise production process, and collaborative sales team.
